Notes:
 In 2001 and in 2003 through the 2012 request, all or part of the FWS CESC grant program was funded from the LWCF. For the purpose of this table, only the portions derived from the LWCF are shown.
 In 2006, \$17.0 million in funding for NPS Federal Land Acquisitions for Everglades land acquisition was transferred to NPS Construction for the Modified Water Deliveries project in the Everglades. For display purposes, the entire \$34.395 million appropriated from the LWCF is shown as NPS Federal Land Acquisition.
 In 2008, Congress appropriated \$44.4 million for NPS Federal land acquisition. Congress subsequently approved a \$3.3 million transfer from unobligated balances in NPS Federal Land Acquisition to the FWS Resource Management account. For display purposes, the entire \$44.4 million appropriated from the LWCF is shown as NPS Federal Land Acquisition.
 In 2008 and 2009, the Department's Appraisal Services Office was not funded through the LWCF. For consistency and display purposes, only the portion directly appropriated from the LWCF is shown, and the funding for this office is shown as a non-add in 2008 and 2009.
 This table only includes discretionary appropriations, and excludes mandatory appropriations from revenues generated by leasing activities on the Outer Continental Shelf and paid into the LWCF.
